

If you would like to receive regular email updates from SATC please email contact [at] stroudagainstcuts.co.uk, in the meantime, please find below links to the latest press coverage SATC has received, with regard to the proposed transfer of many of Gloucestershire's NHS services (including Stroud General Hospital and Beeches Green Health Clinic) out of the NHS. If you spot an article we haven't listed, please email contact [at] stroudagainstcuts.co.uk (replace the [at] with an @ symbol, this is there to prevent spam).

Both the articles below feature a misleading claim by NHS Gloucestershire Chief Executive Jan Stubbings, who claims that the legal challenge we are supporting "would mean services would be competitively tendered" (these words are directly quoted in the Stroud Life story, while a paraphrased version appears in the SNJ). This is misleading. NHS Gloucestershire would not need to tender services if it chose to keep them in the NHS (there are various ways it can do this). It only needs to tender if it chooses to outsource the services (which it does not have to). They are otherwise good reports on the meeting organised by Stroud Against the Cuts on 7th November, which featured Professor Wendy Savage - a former elected member of the General Medical Council.
